

# Have you ever had these questions?

I've received a big supply of my medicine, but how should I store it?

I'm not getting any better. Should I keep taking this medicine?

They taught me how to take this medicine, but I wonder if I'm doing it correctly...

I have to take so many medicines. Is it really safe to use them all together?

What should I do with all this leftover medicine in the house?

These symptoms... Could this be a side-effect of my medicine?

My child won't take his medicine!

Oh no! I've forgotten to take my medicine...
